**REQUEST FOR CERTIFICATE OF CORRECTION PURSUANT TO  
37 C.F.R. 1.322**

Transmitted herewith is a request for a Certificate of Correction for U.S. Patent 6,915,336 issued 7/05/2005. Upon further review of the patent, we note that the priority reference after all includes a typographical error to the dates of the pertinent provisional patent applications. The year "1999" is incorrect, and should read "1998." The error to the priority application section of the patent was inadvertently made, and the correct date of 1998 is in accord with the documents of record. In these circumstances, a Certificate of Correction is appropriate as all the requirements have been met as listed in MPEP 1481.03(II)(A).

On page 5, column 1 of the patent, after the title and before TECHNICAL FIELD, please amend the priority paragraph to read:

This application claims the benefit of Provisional applications 60/088,140 and 60/088,141 both filed June 5, 1998.

Attached is form PTO/SB/44 and our check in the amount of \$100, as required. Please get in touch with the undersigned if there are any questions.

Respectfully submitted,

*Patrick M. Dwyer*
